Owl Sounds & Behaviour

Answer key with fun facts · Ages 6+

1 How do Barn Owls sleep?

Answer: A. Standing on a perch

They often tuck in with fluffed feathers.

2 What noise does a Barn Owl make?

Answer: C. Screech

A harsh, drawn-out shriek carries far at night.

3 Barn Owl chicks can hiss.

Answer: True

Hissing helps to scare off enemies.

4 Barn Owls hunt in large groups.

Answer: False

Each owl hunts alone.

5 Barn Owls usually sleep in the day.

Answer: True

They are mainly nocturnal.

6 Which owl says "twit-twoo"?

Answer: B. Tawny Owl

The Tawny Owl makes the famous call.

7 Does a Barn Owl stand on one leg?

Answer: B. Sometimes

Tucking one leg keeps it warm.

8 What do Barn Owls do in the daytime?

Answer: B. Roost

They usually doze in a shelter.

9 A Barn Owl makes a harsh screeching call.

Answer: True

It is unlike the hoot of a Tawny Owl.

10 What is a Barn Owl usually saying when it hisses?

Answer: A. Keep away

Hissing is a defensive sound.
